

ALL SAINTS CATHOLIC SCHOOL

Grandparent Program

One of the founding pillars of **All Saints Catholic School** is building community and we strive to achieve this by including family and friends in our community activities. Our Grandparents Program is a great opportunity to share fellowship and make our grandparents aware of all the great things our students and teachers are doing at our school. We are in the process of strengthening this program and are asking for your help as we work to share the good news at All Saints.

If you are interested in receiving our **Grandparent Newsletter** and many of our mailings, please complete this form and submit to the office.
